

ROYAL ORTHODONTICS

ORTHODONTIC SPECIALIST FOR CHILDREN & ADULTS

AcceleDent Instruction Sheet

- Wear your AcceleDent for **20 MINUTES EVERY DAY**. Additional wear per day will not provide additional benefit.
- Bite with light pressure on your acceleDent during use. There is no need to hold activator while in use.
- AcceleDent will "stutter" at 10 minute half-time point.
- You may pause and resume your 20 minute session by pressing the power button, but **AVOID PAUSING IF POSSIBLE**.
- Consistent use of the AcceleDent is key to your success.
- If you are currently in Invisalign treatment, remember to wear your aligners during AcceleDent use.
- Activator should be recharged every 3 days.
- Do not allow Activator to get wet (do not use in shower/pool etc...)
- To clean, disconnect mouth piece and rinse with warm water. You may brush lightly with a toothbrush/toothpaste or rinse with Listerine if needed. It is not necessary to soak over night.
- Do not allow the activator to get wet. Wipe with a soft towel to clean.
- Store in a cool, dry place, away from direct sunlight.

Congratulations on your future new smile!
